

4 Oct

We thank you Lord for the different weather we receive in this country. It helps us to enjoy the variety of good & bad. The times we are living through are not easy. Please bless those living on their own and those concerned about loved ones. May we be given strength to face the future together & to think of others.

11Oct

As the weather gets colder, we give thanks for all those who help us with every day living. shop keepers, bus drivers, and those who look after our roads and parks.

18Oct.

This coming week is half term week; we pray for the children, teachers, and others who work in schools. May we all think of people travelling to visit friends & family.

25 Oct

We pray for those who have hospital appointments. Be with their friends & relatives as well as they await news. May they be given peace at this time,

1Nov

We are likely to hear & see fireworks etc. During the following weeks help us to remember those who are frightened & especially those looking after pet animals. If you know of someone alone perhaps a kind word or phone call would help.

Nov8

Today is Remembrance Sunday, while thinking of those who died we should remember those still victims of conflicts. We ask a blessing on all serving in different parts of the world.

Nov.15

As we pray today let us think of our neighbours and especially the people who are sitting with us. Thank you for our families & what they mean to us. We pray for people who we don't find easy. We all need so much forgiveness for so many of the different things we do or say.

Nov22

This Sunday let us give thanks for the clergy at the churches in CTiB. So much of what they do is hidden from us let them know our appreciation at this time.

Nov29

This is the beginning of Advent. We all celebrate in special ways as each week a new candle is lit.
